2023 University Wine Award: Call for Nominations

Please consider nominating candidates for the 2023 University Wine Award. The William E. Wine Award is given for a history of university teaching excellence in memory of William E. Wine, an alumnus and former rector of the Board of Visitors. Three awards of $2000 are given each year.

Procedure: Nominations in each college are reviewed by respective College Wine nomination committees, which are comprised of Wine recipients or dean appointees in that College. Each College is allowed to put forward one nominee.
