

Example Assignment Wrapper

The questions on an assignment wrapper should encourage students to review and process feedback while reflecting on their habits and behaviors when it comes to course work.

Article Critique Assignment Wrapper

Please review your returned assignment, carefully read the feedback, and answer the questions that follow.

1. How much time did you spend working on this assignment?
2. How did you prepare for the assignment?
3. Did you do as well as you expected? Why or why not?
4. Based on the feedback, what do you think your strengths are with your work?
5. Based on the feedback, in what areas do you need improvement?
6. Is there anything about the feedback that confuses you or you have questions about?
